As of 10/07/2024

REPORT READER,

Welcome to your latest Market Report, with up-to-date real estate data for a specific market area.

The Market Report offers insight into residential real estate sales activity and regional trends. It complements our Property Detail Report, giving you a broader look at the real estate market. If you are interested in receiving the Property Detail Report for a more specific area, please let me know. I would be happy to set that up for you.

The market summary below lets you see sales activity for the prior month and year, along with current and past year-to-date statistics. The graphs cover several different aspects of the real estate market. Note how some of the graphs break out trends by price increments. Please contact me if you would like more information on your current market.
